Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Examiner and Applicants' representatives discussed the proposed claim amendment and the cited prior art Proctor. Examiner indicates that proposed amended claim 1 appears to distinguish over Proctor and agrees to further consider and/or update the search upon Applicants filing of the formal response. In response to request, Examiner further clarifies the claim interpretation of claim 9 and how Proctor meets the claimed limitations based on that interpretation. Applicants' representatives agree to consider amending claim 9 by incorporating some features further defining the health of the network specified in the Specification.
